OFFICIAL PAPER OF THE CITY.

The News.

What is quite unusual, the great victory which General Sheridan won on Monday last, over the combined forces of Early and Breckinridge, turns out much better than the first reports led us to believe. It will be seen by our dispatches, that the defeat of the rebels was complete, and the victory of Sheridan, one of the most brilliant and significant of the war. Five thousand prisoners and 15 battle flags were captured. Generals Rhodes, Ramson, Gordon, Terry, Gooding, Johnson and Fitz-Hugh Lee are among the killed and wounded. Sheridan is still in pursuit.

Remember Senator Doolittle speaks here to-morrow night.

State Fair.

We believe our State Fair that is to come off here next week will be equal to anything of the kind ever held in the State. The objection to holding a Fair this fall, that we are too much engrossed in matters pertaining to the war to give it the necessary attention, does not hold good in Illinois and other States where Fairs are being held, and we predict it will not hold good here. There is an immense amount of travel everywhere over our great thoroughfares and railroads, and although the crops have not been good as a general thing, people do not feel disposed to sit down at home in gloom and despondency, but will come to the Fair to see and be seen and enjoy themselves for a season.

Come one, come all.

State News.

The Grant County *Herald* says that in the town of Liberty, lately, the remains of an infant were found in an ash heap near school house No. 3, supposed to have been destroyed by some inhuman mother, whose guilt is equally shared by the infamous father of the child. The Brodhead *Independent* says that M. S. Twining, Esq., of Magnolia, recently sold to Mr. G. S. Loucks, of that village, 4,500 lbs. of cheese from his dairy. The average weight of each cheese was 90 pounds, and the quality not excelled by any of eastern make. Mr. T. is demonstrating the fact that no department of agriculture is more profitable than the dairy business. The Sheboygan *Journal* says steps are taking toward the construction of a telegraph line between there and l'nd du Lac. The Door County *Advocate* says the crops in that county this year are turning out well. There is an immense amount of shingle making going on. The editor tells of one Belgian family that in seven days made 21,000 shingles. The father shaved the shingles alone, while the children split and packed them. The shingles were sold for thirty-one shillings per 1000, netting for the seven days' work over \$81.00.

APPAREL on the Rio Grande are decidedly mixed. The French forces recently marched up the Mexican bank of the river to attack Cortinas, met him, and were being beaten, when Colonel Ford, commanding the rebel troops at Brownsville, joined in the fight from the Texas side, to help out the French. Cortinas left him also, and the rebels commenced retreating. Thereupon the 91st Illinois Regiment, stationed at Brownsville, fell in on the flying Confederates, damaging them considerably. Next day Cortinas, having been re-enforced from Matamoras, captured Brownsville, and raised the American flag. Ford's troops have fled into the interior of Texas.

THE COUNTRY IN WHICH GEN. SHERMAN IS OPERATING.—Since Gen. Sherman has reached Atlanta, he finds to the south of that city, a very different country from that on the north of it. The correspondent who accompanied Sherman's army in its late movements to the south of Atlanta, thus described this new Elysium in which the army has plunged:

The country south of Atlanta is the finest surrounding the city. The soil is tolerably productive, and we find many well to do farmers, but few large planters. A man for sorgo seems to be raising. Nine farms in ten have several acres of it growing finely. The crops generally consist exclusively of corn—one stalk in a hill of course. We find plenty of grazing and forage for horses and cattle-droves, good water and fine roads.

WISCONSIN OFFICERS PLACED UNDER FIRE AT CHARLESTON.—The rebels have again placed a large number of Union officers, held as prisoners by them, under the fire of our batteries at Charleston. Among them are the following officers: from this State:

W. O. Butler, 10th; Lieut. G. W. Buffum, 1st; Lt. R. W. Jackson, Oshkosh; Maj. D. McKeever, 16th; Lieut. A. H. McKissack, 10th; Lieut. C. M. Brughman, 7th; Maj. W. L. Parsons, 2d; Capt. R. H. Spencer, Madison; Lieut. C. F. Weston, 21st.

MR. VALLANDIGHAM'S MEETINGS WITHDRAWN.—The appointments heretofore made for Hon. C. L. Vallandigham are withdrawn. "John G. Thompson, Chairman Dem. State Central Com. F. Jaeger, Secretary."

REBEL JOKES.—A correspondent of the *Terror Haute* gives the following: "When our forces were on this side of the Chattahoochee, a rebel picket hollered, 'Yank, O Yank, did you know we had been reinforced?'"

"No," says Yank; "have you?" "Yes," says John; "Sherman and Hooker are on our right."

Such are the "Southern brethren" that the copperheads are so anxious to conciliate. It makes one's blood boil to contemplate such atrocities.

WEDNESDAY, SEPT. 21, 1864.

SAWYER'S CRYSTAL BLEACH AND BLEACHING PREPARATION.—This Preparation is much superior and cheaper than any other Bleach, requiring no preparation for use, and is the only Article used for bleaching and restoring clothes, yellowed by age, or bad washing, to a pure white, without injury. It does not settle in the water and clothes, giving them a "muddy blue" color, like indigo, but is perfectly soluble, leaving the water clear; and imparts a delicate blue-white tint to articles, without depositing any sediment or stain, and is warranted not to injure the most delicate fabric, and when known by housekeepers will supersede all others.

It has now been in use in the N. E. States for over ten years, and invariably given satisfaction, and is of the same standard quality as when first introduced, but owing to the numerous cheap and worthless imitations that have been put into the market, we have been compelled to adopt the new **PATENT SAFETY BOXES** which cannot be imitated; and being put up in this style it is more economical than other Blues, as there is no waste, the arrangement of the Boxes being such that the slightest quantity can be used if necessary.

CONRAD & VANKIRK are the sole agents for the above preparation in this county. Price 15cts. per box. The Trade supplied at a liberal discount.

JANEVILLE, Sept. 21, 1861.
